Allowable Subject Matter

1. Claims 19-26 are allowed.

In the previous office action, it was stated that examiner would favorably consider the application in condition for allowance if the limitation "*wherein said surrounding control edge is formed as a recess inside the pump body surface and wherein said inlet valve is located at such recess*" was added to independent claim 19. In view of the added limitation as suggested by examiner and upon a further search claim 19 and its dependent claims are found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT
